#### **Legal Action Update**

In 2014 the Company commenced Federal Court Proceedings seeking final relief against Kevin Nicol and Danie van den Bergh, two of the previous directors of Discovery Africa Limited, in the form of damages and equitable compensation for breaches of Common Law and Statutory duties owed to the Company. The Company later added additional parties to the Federal Court Proceedings.

On 23 December 2015, the Federal Court of Australia delivered judgment in relation to the Company's application for summary judgment against former directors, Mr Kevin Nichol (Mr Nichol) and Mr Danie Van den Bergh (Mr Van den Bergh) in relation to payments made to them on the eve of tendering their resignations as directors of Discovery Africa. The Federal Court of Australia made the following orders:

- Mr Nichol holds the amount of \$274,005.78 on trust for Discovery Africa.
- Mr Nichol is indebted to Discovery Africa in the amount of \$274,005.78.
- Mr Van den Bergh holds the amount of \$162,666 on trust for Discovery Africa.
- Mr Van den Bergh is indebted to Discovery Africa in the amount of \$162,666.

Mr Nichol and Mr Van den Bergh have not complied with the orders to make the payments pertaining to the judgement. As the Company has not received any payments to date, it will now enforce the judgments, including but not limited to seeking orders from the Court to appropriate the frozen assets of Mr Nichol and Mr Van den Bergh.

The Company will also be seeking orders for payment of interest on the judgement sum and will make an application to recover its legal costs associated with the summary judgment and continue to pursue its further claims against Mr Nichol, Mr Van den Bergh, Mr Thick, Mr Avery and its former solicitors, CBP Pty Ltd trading as Collin Biggers & Paisley.

#### **Dividends Paid or Recommended**

The directors do not recommend the payment of a dividend and no amount has been paid or declared by way of a dividend to the date of this report.

## **Exploration**

During the half-year reporting period, ending 31<sup>st</sup> December 2015, Discovery Africa Limited ("DAF" or "the Company") continued to focus on its 100% owned Nachingwea Graphite Project in Tanzania, whilst the Company confirmed the status of the Kitgum Project in Uganda.

Highlights for the reporting period;

- → Discovery Africa has a dominant tenement position at the Nachingwea Project, covering approximately 520km², located between and adjacent graphite projects held by Syrah, Magnis and IMX Resources; which will allow a consolidated approach to exploration of the entire project area and cements DAF's position as an emerging graphite explorer in Tanzania;
  - The project area has excellent infrastructure with access locally to electricity, water, sealed roads and within 180km of Mtwara's containerised port facility.
- → The Company executed an agreement with the vendor of the Kitgum Project tenement Exploration Licence (EL) 1173 to waive the final payment, in consideration of the Company returning tenement EL1173 to the vendor.

### Nachingwea Graphite Project (Tanzania)

The Nachingwea Graphite Project is located in southeast Tanzania and comprises five granted tenements covering approximately 520km². The region has access to high quality infrastructure including access via mainly sealed roads from the coastal towns of Lindi and Mtwara, which also boast an airport and deepwater port facilities (see Map 1).

Figure 1. Nachingwea Graphite Project Location Map showing Nachingwea townsite, Mtwara port facility and DAF granted Prospecting Licenses in relation to Magnis (green) and Syrah (blue).

The Company has a dominant tenement position at Nachingwea located between and adjacent graphite projects held by Syrah, Magnis and IMX Resources, which will allow a consolidated approach to exploration of the entire project area and cements DAF's position as an emerging graphite explorer in Tanzania.

The Project substantially overlays the graphite prospective Mozambique Mobile Belt, with graphitic schist located both within and surrounding the Project. The prospect areas within the project tenements are highly prospective for graphite mineralisation, including outcrops of graphitic schist identified at numerous localities. At the Injaa Hill prospect area, outcrops of graphitic schist have been mapped by the Geological Survey of Tanzania.

The Company will consider its strategy at the Nachingwea Graphite Project to ensure it enhances and increases the overall value proposition of the Company.

## Kitgum Graphite Project (Uganda)

The Kitgum Graphite Project is located in northern Uganda and comprised Exploration Licence (EL) 1025 and EL 1173.

As per the Company's announcement on 24 September 2015, the Company executed an agreement with the vendor of the Kitgum Project tenement – Exploration Licence (EL) 1173 to waive the final payment, in consideration of the Company returning tenement EL1173 to the vendor.

## Independent Review Report to the Members of Discovery Africa Ltd

# The financial report and directors' responsibility

The interim consolidated financial report comprises the statement of financial position, statement of comprehensive income, statement of changes in equity, cashflow statement, accompanying notes to the financial statements, and the directors' declaration for Discovery Africa Ltd for the half-year ended 31 December 2015.

The Company's directors are responsible for the preparation and fair presentation of the consolidated financial report in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

## Review approach

We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim consolidated financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated financial position as at 31 December 2015 and the performance for the half year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Discovery Africa Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

## Independence

In conducting our review we have complied with the independence requirements of the Corporations Act 2001.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim consolidated financial report of Discovery Africa Ltd is not in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the consolidated financial position as at 31 December 2015 and of the performance for the half-year ended on that date; and
- complying with Australian Accounting Standard AASB134 Interim Financial Reporting and the Corporations Regulations 2001.
